CHAS. B. HARRIS, Editor.  
Democratic newspaper devoted to the interests of the city of Columbus and the people of Adams and adjacent counties.  
Entered at the Columbia Postoffice as second class mail matter.

WED. JANUARY 14 1903.  
ANNOUNCEMENTS.

For State Treasurer.  
We are authorized to announce H. H. HENNINGER, Wayne county, a candidate for the office of State Treasurer, subject to the action of the Democratic party.

Again the racial trouble is appearing in some of the Southern States and, omitting the details and coming to the bone of contention, it is all summed up in this statement: The canaan race—the whole people, are not willing and never will be, for the negro to hold office, either elective or appointive, municipal, State or Federal. This disposition is inbred and comes from the high ambitions of the race backed up by the knowledge of superiority of breeding. It is not a question of politics in the South, but the drawing of the color line in matters of taste, ambition and pride which is indelible with the Southerner. If the negro would avert trouble, advance the condition of his race he should start clear of political positions, especially where the Southern white man has his home. Unfortunately the people of the Northern States are not acquainted with Southern pride—deaf to the appeals of Southern Statesmen. It is a pity that the Chief Executive of our Nation cannot tear out of political matters and grant the Southern white people the privilege of ruling their own country without imposing objectionable federal office-holders, not of their race or color, neither their equal, morally, socially or otherwise. No man is in better position to end these troubles than Mr. Roosevelt, but political fortune at stake and racial troubles prevalent, the white people of the South can not be pacified by placing the Negro in official position over them. It is this that stirs the blood; it is this that brings trouble and the President is not a stranger to the real situation, but to add capital to his political stock—to secure the instructed votes from the Southern States. He is giving favors to the majority part of his party in that section at the expense of the people of his own blood and race. It is he who is due with them that is his private affairs and concerns, his own race, but he has no right to instigate trouble between two races of people who dwell in the same country and dwell in peace.

Our Government paid 20,000,000 for the Philippines; has spent three or four times that amount to subdue the inhabitants, has expended millions of dollars expense to run in pensions annually for one hundred years to come, and now, even now, when prosperity is abroad in the land, congress is asked to appropriate \$3,000,000 to relieve distress in those Islands. We have never believed that our Government was right in the purchase, we have never thought it was clearly within the limits of the spirit of our Constitution in establishing a colonial government a people who fought with us the common enemy and who sought the blessings of Liberty, and we have had doubts all the while as to the wisdom of the deal from a commercial standpoint. We are just the same today.

Something is going to "drop" at the next trial of Caleb Powers. Henry E. Yontey, who is serving a life sentence for complicity in the murder of Governor William Goebel, was before the Franklin county grand jury last Saturday. Before going to the grand jury room he remarked that he was ready to tell what he knew. He again went on the stand Monday. His testimony will be closely guarded by the Commonwealth until the opening of the next trial.

## To All Whom This May Concern.

I have this day sold my interest in the store at Montpelier, Ky., to my son, Luther Williams, who will continue the business at the same old stand with Mrs. E. B. Wheat under the old firm name of Wheat & Williams.  
I do this after 33 years connection in the mercantile business at the same place—Twenty-eight years with Cyrus Wheat, deceased, and four or more years with his widow, Mrs. E. B. Wheat. Twenty years of which, I was in active business myself. Our business associations and connections have been very pleasant and satisfactory and we have enjoyed a large share of the trade and patronage of the community and a reasonable success and prosperity in a financial way. And now in retiring I take this opportunity to express my thanks to all the friends and customers who have given us their patronage. And further, I cheerfully commend the new firm to those who have been so long our old customers and patrons, as efficient, honest and upright merchants and bespeak for them a large share of the trade of the community at large. I have also as surviving partner of the old firm of Wheat & Williams made a final settlement with all the parties concerned, and with Luther Williams, Administrator of Cyrus Wheat, deceased, divided the remainder of the unsettled notes and debts according to the will of the testator, Cyrus Wheat. I do this on my part more to fully relieve myself of the worldly encumbrances that I may more fully consecrate myself to the good work whereunto I am called.

This January 5th, 1903.  
Z. T. WILLIAMS.

The appeal in the Meacham anti-triminy injunction case was filed last Friday in the Appellate Clerk's office at Frankfort. Yesterday Mr. Meacham's attorney, John W. Ray, moved that it be docketed and advanced. We predict that the Court of Appeals will decide it has no jurisdiction, and that primary will proceed.

There was an attack on the life of King Alfonso, of Spain, a few days ago. He was returning from the Spanish Court with other persons when a man fired into the party. He was immediately arrested. He claimed that he attempted to assassinate the Duke of Sotomayor, who was in the carriage following the one in which the king was seated.

It is thought probable at Frankfort that Circuit Judge Cantrill will refuse to vacate the bench at the next trial of Caleb Powers.

JAMESTOWN.  
The following supervisors are now at work on the assessor's book: M. D. Hopper, J. P. Dunbar, J. R. Luttrell, J. W. Mitchell and U. S. Sullivan.

Our Sheriff has his quarters from the Auditor, showing that he had made full settlement. On the first day of January, 1903, he paid the county all that was due her, and now has in his possession a clear receipt from both county and State. He is the first Sheriff for more than twenty years who has made such a satisfactory settlement. The county is proud of his official work.

Heck Moore, a colored man well known to the traveling public, has been crazy. He has been the hostler at Patterson's Hotel for many years. His affliction is caused from a shot inflicted, by himself, in the head, some time ago.

V. F. Rowe and wife are visiting relatives here.  
Our school opened the first of January with 35 pupils. There will be 50 next week.

CRAY CRAFT.

Some of the farmers are preparing to another crop when the weather will admit.

J. M. Wilson, who has been sick for some time, is no better.

## DIED.

Last Wednesday morning, at the hour of 3 o'clock, the Death Angel visited the home of Bryant and Mattie Keach, at Russell Springs, and took from them their most precious jewel, little Margie, their only child, aged eleven months and eleven days. She was followed by every one who knew her. During her two weeks suffering of spinal trouble she was closely watched by father, mother and friends until her suffering was over. Then we could say Lord, Thy will be done. It is hard to part with our dear ones, yet we must submit to the Lord's will and may we live so when we are called we will meet little Margie where parting is no more.

Our darling one is now before, To greet us on the blissful shore. AUNT NOLA.

MR. A. C. COFFEY DEAD.

On the 2nd day of this month the subject of this sketch passed over the shadowy land of death in Eddy, Texas. Mr. Coffey was a native of Russell county, this State, where he had resided from his birth, in 1825, until he went west and he and his wife located in Oklahoma Territory. In 1894 his wife died and then he went to Eddy, Texas, to spend the rest of his declining years with his sons, J. F. and George F. Coffey.

Mr. Coffey was well and favorably known in this and Russell county where a large number of his relatives and friends still reside. Like many a good man, he had some faults, but his sobriety of character predominated. He was endowed with a strong mind, upright and honest in his dealings with his fellow men.

In his old age he accepted the Savior and often expressed a willingness to die, and was ready and waiting for the Master's call.

The Waco Times-Herald pays a short but touching tribute to him in the notice of his death, and closes as follows: "He was highly respected by all who knew him. To know him was to respect him. It is regretted that his portion of his life, peace to his ashes."

## ABSTRACT OF THE TOWN COUNCIL FOR THE YEAR 1902.

It affords pleasure to present to the readers of the News, and especially to those of this town, a summary of the work accomplished by the city council for the year 1902. We take pride in the fact that the present council has been successful in accomplishing more than we could have hoped for in the year 1902. We have collected the amount of money collected, the amount spent, the balance of the expenditure and the balance of the settlement at the close of the year.

On January 14th, 1902, H. N. Miller, Treasurer for the town for the year 1901, paid to Board \$55.65; collected from tax and other sources \$1,213.46. Paid out \$52.37 leaving a balance to the credit of the town for \$632.10.

High street has been graded, street and gravel placed thereon from Main street to west corner of town. Fourteen street graded and gravelled from Main street to corner limits. Guardian Street graded, securing an excellent grade, and gravelled from Poverty Alley to the town limits on the south side of the town.

Half of Pleasant street has been put in good condition by regrading and leveling. The first alley from square on west side of Main street and gravelled, Fraser avenue regraded, a heavy grade reduced, bridge rebuilt and put in good condition and the street graded. Main and Market streets have been improved and Pitkin Alley took a new appearance.

Quite a number of bridges and culverts were rebuilt and repaired and a number of crossings put in good condition. The town rubbish was removed promptly, weeds mowed; street cleaned and the town kept in good condition.

Many other things that cost money and are vital to the well being of the town were done which we do not mention, owing to limited space. When you take into consideration the fact that the town has been in the most substantial way, we are satisfied that no person who has the good of this town at heart can fail to be satisfied with the work of the Board.

The roads are in bad shape in this end of the county.

R. L. Murphy and wife, of Casey county, are visiting in this neighborhood.

Mrs. Jane Zearbaugh returned to her home in Portland, Ind., last week.

Mr. S. S. Reese and his daughter, Lula, returned after a weeks visit at this place.

## CHICAGO ILLINOIS.

Sliding here at the window of my home going out over the snow covered earth, midway into the windy January day; my thoughts dwell upon the life and character of our esteemed kinsman, Mrs. Susan C. Dobson, the widow of Thomas Rhodes Dobson, both of whom were once useful and highly respected citizens of Adair Co., Iowa. I write a train here to the city of the widow's husband to be laid to rest beside her husband in the old home, Columbia, in their beloved, native state. During the last weeks of her life I was with her, and heard her talk much of her past life—the happy days in Columbia, the sad days in Kentucky, the sad life in Louisville, Frankfort and other cities of Kentucky. Then the business life she was in this rushing city of Chicago, during the last years. She was working successfully in the insurance business when ill health forced her to give up. But even in her sick room

# NEWS IN BRIEF.

Pierpont Morgan is said to have made \$52,000,000 this year.

Night persons met violent deaths Sunday in Greater New York. Three were cases of suicide.

The indictment of many Lexington gamblers on felony charges has stirred up the sports of that town.

Ed Donnelly, of Warren county, shot a Robert rifle at a chicken and killed Lennie Barrett, his playmate.

Thomas Burch, an Owensboro carpenter, drank carbolic acid by mistake for whiskey and died in 20 minutes.

It is doubted that the Harry Weisenger tobacco factory, sold to the trust Saturday for \$1,200,000, will shut down.

Gerhard Krull, the biggest man in Cincinnati, is dead. He weighed 550 pounds and a coffin large enough for him had to be made to order.

Twenty-eight persons were killed and thirty others injured by a collision between the Pacific express and freight train on the Grand Trunk railway at Waukegan, Ont., Friday night. The collision was due to the mistake of a telegraph operator in transmitting orders.

Gov. Beckham has committed from death to life imprisonment the sentence in the case of James Hooker, colored, convicted in Lincoln county of wife murder. The commutation was urged by the Judge of the Court of Appeals, the Attorney General and many citizens of Lincoln county.

Safe-blowers and highwaymen continue their work. The Bank of Union, at Union, Mo., was demolished by crackmen Friday night. The thieves took \$15,000 and escaped. At Newport the citizens are terrorized by highwaymen. Hold-ups occur nightly. On Friday night three citizens were held up and robbed.

There is a feeling among some physicians that the prevalence of appendicitis comes from eating patent flour and the statistics seem to carry out the idea. Negroes never had appendicitis while they lived on corn meal and dark cheap flour, but since they have taken to patent flour they have been subject to this painful and dangerous disease.

**TAKEN FROM THE COMMONER.**

Up to date no one heard of a trust succumbing to the terrific Cannonading.

Hon. J. S. Clark, collector of the post of New York, is down south earning his salary.

Well, Secretary Shaw got Wall street past the election, anyhow, and the party can thank him for that.

There is a tendency under this administration to allow the Monroe doctrine to acquire a moth-ballosh flavor.

"Will congress do anything?" queries an exchange, this congress was elected for the express purpose of doing nothing.

The gentlemen who insist upon a premature burial of Tom Johnson are likely to find themselves with an empty coffin on their hands.

There is a view that "the present congress will not take any hasty or precipitate action on the trust question" has not caused any deaths from heart failure.

Senator Quay voted with the democrats on the statehood bill. Now that the senator knows how to do the right thing let us hope he will persevere.

In 1008 democrats who are democrats from principle should criticize to thwart the designs of democrats who vote the republican ticket when the party refuses to be repubblicized.

**A Marvelous Invention.**

Wonders never cease. A machine has been invented that will cut, paste and hang wall paper. The field of inventions and discoveries seems to be unlimited. Notable among these is Dr. King's New F. A. Discovery for Consumption. It has a discovery of good for weak lungs, a world a life. Thousands have saved many afflicted Grip. It has used it and and Consumption. Its general verdict is: "It is the best and most reliable medicine for throat and lung trouble." Every box and \$1.00 bottle is sold by all druggists. Trial.

**Domestic Troubles.**

It is exceptional to find a family where there are no domestic ruptures occasionally, but these can be lessened by having Dr. King's New Life Pills around. Much trouble they save by their great work in the stomach and liver troubles. They not only relieve you but, cure, too, by all druggists.

**FROM NEBRASKA.**

Mr. M. A. Powell, of Max, Nebraska, enclosed a dollar for the News and writes substantially as follows:

Mr. Editor, as I was reared near Eto, and as many of my people and friends live in that country, I want the News which will keep me posted with the movements of that section. To all my old friends I wish a happy New Year. Christmas passed off quietly with us but a big snow covered the earth and the weather was cold. Whooping cough is prevalent in this section.

Miss Cecil Powell has just recovered from diphtheria. The farmers are not yet done all their work that should have been finished before entering the winter. Plenty of corn yet to gather and some threshing also to do.

I have my cane to thresh which will be done within a few days if not prevented by snow.

Jack rabbits are plentiful here and many find much sport in hunting them. A gentleman, somewhat a hunter, killed eighty in three days last week. This snowy weather the coyotes can be heard in every direction.

**WONDERFUL NERVE.**

Is displayed by a man endor: line pain of occasional Cuts, Wounds, Bruises Burns Scalds, Sore feet or stiff joints. But there is no need for it. Bucklen's Arnica Salve will kill the pain and cure the trouble. It's the best salve on earth for Piles, too. 25c, at all druggists.

**WANTED**—Saleslady, to sell "Sweet Milk Baking Powder" with Premiums to housekeepers.

J. G. HILLER,  
174-4th st., Louisville, Ky.

**Tried to Conceal it.**

It's the old story of "murder will out" only in this there's no crime. A woman feels run down, has backache or dyspepsia and thinks it's nothing and tries to hide it until she finally breaks down. Don't deceive yourself. Take Electric Bitters at once. It has a reputation for cure in Stomach, Liver and Kidney troubles and will revivify your whole system. The worst forms of those maladies will quickly yield to the curative power of Electric Bitters. Only 50c, and guaranteed by all druggists.

**AWFUL CONDITION IN HART.**

Manfordville News: Within three days after the breaking of the grand jury here last September there was a shipment of five floor barrels received at a store here. It was an open secret that each barrel contained a keg of liquor. The grand jury had only found one indictment against the keeper of this drugstore when it should have found a hundred.

Nobody has a doubt but what there are two houses in this town selling liquor all the time; yet three times a year the grand jury meets here, and a hundred times are the officials sent there than any other place in the county. But this is not the only place that is afflicted with the unlawful traffic; Rowlets, Harpysville and Oak Run are suffering in the same way by men who keep stores and deal in the spirit regularly. There is a great complaint over in the Eno, Seymour and Three Springs country about some men who travel in his buggy from day to day and peddle liquor all the time. Of course the "boot-leggers" are sentered through the county, leading around selling all the time, but the above named dealers do not dodge, but are selling in defiance of the best police, in defiance of grand juries and courts and in defiance of the attorneys for the county and commonwealth. One political party need not try to lay the blame entirely on the other, as both are guilty of pandering to this element. The law has not been enforced as it should have been, or this state of affairs could not exist. If every one who has been indicted for selling liquor had been forced to pay his \$100 or his jail 100 days, this element would long ago have been terrorized into law-abiding citizens. But that course has not been pursued; the regular "blind tiger" has only had to pay such a percent of his earnings as left him a good living and he has gone with his business.

greatly encouraged, for it occurs to him that he is to a great extent indorsed and has to pay out such a small amount in fines that it only amounts to a small tax. When one is fined a hundred dollars and he pays it three dollars goes to the Commissioner of the jury fund, ten to the Circuit Court, twelve to the State, twenty-five to the County Attorney and fifty to the Commonwealth's Attorney.

I have several desirable town lots for sale.
